**The City of Hamilton has won several awards, which recognize excellence in the use of geospatial technology.**

**T**he GIS manager of the City of Hamilton, Al Little, O.L.S., O.L.I.P. was pleased to report that the City's Map.Hamilton web site (<http://map.hamilton.ca>) was awarded the URISA Ontario Chapter Silver Medal Award for the best Municipal GIS Web Site. The Map.Hamilton web site enables residents and visitors to locate areas of interest by using interactive maps. Users can search for a specific location by the municipal address, a point of interest, such as a school, or a street intersection. URISA Ontario Chapter also presented the City's GIS department with the Gold Medal Award for its entry into the Map Gallery contest.

The City of Hamilton's GIS projects were also recognized at the Intergraph GeoSpatial World Conference with two awards of Cartographic Excellence.
